

Rep. Yuko Votes No on Bill to Gut Collective Bargaining Rights

COLUMBUS – On Wednesday afternoon the Ohio House of Representatives voted to approve Senate Bill 5, legislation which would take away the rights of middle class workers by virtually eliminating collective bargaining. State Representative Kenny Yuko (D-Richmond Heights) voted against the bill, and issued the following statement:

“We are attempting with SB 5 to fix a system that isn’t broken,” Rep. Yuko said. “To take a proud and hard-working public workforce and hold them responsible for our 8 billion dollar deficit and then announce that we will move Ohio forward by moving our working families backward – it’s outrageous!”
